# NEWS AND EVENTS

## **In Memoriam Clive Allan Johnston**

It was a sad end to 2022 with our industry losing one of the most well-known and respected Locksmiths, Clive Allan Johnston.

A member of the MLAA since 1987 and past President of the NZLA, Clive was a truly passionate Locksmith who travelled the world attending many locksmith trade shows and was held in very high regard by both his peers and suppliers alike.

Clive was a true gentleman and always ready and willing to help anyone in need, nothing was a problem and many of you reading this would have been the recipients of Clive's generosity and knowledge over the years.

He was world famous in the Hawkes Bay with legions of loyal customers and Johnston Locksmiths will continue Clive's legacy, providing first class service to the good people of the Hawkes Bay. He would have been so proud of his team.

Rest In Peace Clive you will be missed.

# AUTOMATION IS THE SOLUTION

## STAND IN FRONT OF YOUR CUSTOMER, NOT IN FRONT OF A KEY MACHINE.

**Businesses around the country are screaming for workers, and the security and locksmithing industries aren't immune.**

Automation is the solution, and Silca can help. Deploy a Unocode F800 or F900 and get your team away from the back of house. Put them in front of customers where they're solving problems and earning you money.

A Silca Unocode F-Series can cut and engrave up to 70 keys per hour without an operator. Reliable, automatic key cutting and engraving – set and forget – let the machine do the work.

### *Talk to your Account Manager today*

We can "Create Time" – time which you can sell for increased profit by maximising your labour force.
