The Smart Lock Industry is Booming

TECHED

The Smart Lock industry is experiencing rapid growth in New Zealand, with increasing demand for convenient, keyless entry solutions. As more homes and businesses adopt smart technology, the market for smart locks continues to expand.

This surge in popularity presents a valuable opportunity for locksmiths and security professionals to future-proof their businesses. With strong growth expected in the coming years, now is the perfect time to get started in the Smart Lock industry. Make the most of this evolving market by signing up for this great course from TechEd.

Is it suitable for you and/or your staff?

No matter your experience level, obtaining a smart lock certification and upskilling is great for business. This course is suitable for:

Beginners in the smart lock field or locksmiths looking to upskill into the smart lock installation industry.

Experienced smart lock or electronic security installers who want to offer qualified, professional, smart lock installation services to their clients.

What You'll Learn:

- ✓ Selecting a suitable Smart Lock
- ✓ Understanding gateways
- ✓ Understanding different handle heights
- ✓ How to install Smart Locks
- ✓ The TT Lock, Smart Lock app
- ✓ Handing-over after the installation
- ✓ Maintaining a Smart Lock

NEW FROM SILCA: QUATTROCODE D-SERIES

The Silca Quattrocode D700 is coming soon, bringing cutting-edge technology to key duplication. After generating strong interest at recent industry events, including the MAAA show in Adelaide, this machine has quickly become a standout choice for locksmiths.

One of its most exciting and unique features is the automatic 'robot' arm, which rotates dimple keys through their axis. Combined with in-clamp rotary engraving, this allows a dimple key to be fully cut and engraved in one seamless cycle—an innovation exclusive to Silca.

High-speed precision cutting of automotive track keys is another standout feature. The powerful cutter motor handles even hard OEM keys with ease, ensuring smooth and accurate results.

With built-in smart controls for cutter management, key positioning, and a clean, swarf-free work area, the Quattrocode D700 helps prevent costly mis-cuts while enhancing efficiency.

If you work with dimple or track keys, talk to your Account Manager about the Silca Quattrocode today.

NEWS AND EVENTS

GOOD TIMES & GREAT LOCKS

February proved to be a great month for us, hosting a couple of magical events.

Christchurch put on a spell of good weather for our breakfast, which we once again hosted at the magnificent Avondale Golf Club. We had a fantastic turnout, and everybody enjoyed a great cooked breakfast and coffee. The display of McGrath Locks was the feature of the event and attracted an amazing amount of interest.

McGrath Locks have been a game changer since being added to our inventory. The brand has been available in Australia for several years, with several models adapted and modified to overcome issues that other brands have struggled with over the years. If you would like to know more about the McGrath Locks range of digital locks and how they can enhance your business, please talk to your account manager or call our friendly customer services team.

On the last working day of February, we put on a BBQ for lunch and invited any customer that could make it. The day was glorious, and the sausages were cooked to perfection by none other than Cody Yates. Unfortunately, I couldn't make the event, but the team managed it without any hiccups. I was told that everybody who attended really appreciated it and enjoyed catching up with locksmithing friends they might not have seen for some time. It was great to see Doug Wickham turn up for a sausage or three!

Due to the popularity of the event, we'll be holding this on a regular basis, so keep your eyes open for the next session. It's always good to have a chinwag and see what's what in the industry in an informal and friendly environment.

Tim Joyce
LSC NZ Branch Manager

HAPPY CUSTOMERS

ROSS GALT LOCK & ALARM
HORNBY

The recent LSC Breakfast in Christchurch pictured is Tim Joyce, LSC NZ Branch Manager with the famous Rob Keys, Branch Manager of Ross Galt Hornby. Thanks for coming along Rob we hope you enjoyed your sausage! Thank you to all of the other Lockies in Christchurch for attending, it was a thoroughly enjoyable event, and we look forward to hosting more of these in the future.
